April 2006

Dear Caterpillar Member,

Effective **May 1, 2006**, the Caterpillar prescription drug plan is implementing quantity limits for the hypnotic class of drugs. These drugs include Ambien, Chloral Hydrate, Dalmane, Doral, Estrazolam, Flurazepam, Halcion, Lunesta, Prosom, Restoril, Rozerem, Somnote, Sonata, Temazepam, Triazolam).

Hypnotic drugs are not intended to be taken on a daily basis; therefore, hypnotic medications will be limited to one tablet per day with a maximum 21-day supply per fill. Patients who require refills of hypnotic drugs will be limited to 21-day supply per fill, rather than the standard 30 day supply. The standard co-pay amount will apply to the 21-day fill.

If you have any questions, feel free to contact RESTAT at (800) 248-1062.

Sincerely,

Patrick R. McComis
