

VACATION SUPPLY FAQ's

What if I need more than a 1 month (30-day) supply of my medication?

You may be able to purchase a 3 month (90-day supply) by using mail order (home delivery) when more than a 1 month supply is needed. Contact AllianceRx Walgreens Prime Home Delivery Customer Care Center **1-866-840-1222** or, for the hearing-impaired, call **1-800-573-1833** for additional information.

What if I need additional medication before leaving on vacation?

To receive a vacation override on a 30-day prescription, you must have already used 50% (i.e., 15 days) of the medication. The pharmacist should contact Magellan Rx at **1-877-228-7909** to request the vacation override. For extended travel-related requests you can contact Magellan Rx at **1-877-228-7909**.
