You must answer ALL of the following questions

Is this request for initial therapy (meaning the patient has not received therapy with Kalydeco in the past AND there are no paid claims for Kalydeco in member's history)? Yes No

If Yes, please complete "Initial Therapy" section above.

Is this request for renewal of therapy (meaning the patient is currently receiving therapy AND paid claims are in member's history)? Yes No

Note: use of samples only and/or access through patient assistance program only does not qualify as current therapy subject to renewal; those should be submitted as initial therapy instead.

If No, please complete "Initial Therapy" section above.

Is documentation available which shows the patient's current FEV1 measurements? Yes No

Current FEV1 measurements are defined as the most recent FEV1 and FEV1 percentage of predicted that were measured within the previous 30 days while the patient is receiving treatment with Kalydeco.

Please submit this documentation, such as chart notes.

Does the patient have the R117H mutation in the cystic fibrosis transmembrane conductance regulator (CFTR) gene? Yes No

Does the patient have the G551D mutation in the cystic fibrosis transmembrane conductance regulator (CFTR) gene? Yes No

Is the patient's current FEV1 percentage of predicted increased by at least 5 absolute percentage points greater than the baseline FEV1 percentage of predicted? Yes No

Baseline FEV1 percentage of predicted is defined as the most recent FEV1 percentage of predicted that was measured while the patient was not receiving treatment with Kalydeco.

Please submit this documentation, such as chart notes

Is the patient's current FEV1 percentage of predicted increased by at least 8.60 absolute percentage points greater than the baseline FEV1 percentage of predicted? Yes No

Baseline FEV1 percentage of predicted is defined as the most recent FEV1 percentage of predicted that was measured while the patient was not receiving treatment with Kalydeco.

Please submit this documentation, such as chart notes

Is the patient's current FEV1 percentage of predicted increased by at least 10 absolute percentage points greater than the baseline FEV1 percentage of predicted? Yes No

Baseline FEV1 percentage of predicted is defined as the most recent FEV1 percentage of predicted that was measured while the patient was not receiving treatment with Kalydeco.

Please submit this documentation, such as chart notes

Are there any other comments, diagnoses, symptoms, medications tried or failed, and/or any other information the physician feels is important to this review?
