

Women's Health and Cancer Rights Act of 1988

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy has been performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications of mastectomy, including lymphedema.

These benefits will be subject to annual deductibles and coinsurance provisions applicable to other such medical and surgical benefits provided under the plan. Please refer to your Summary Plan Description for deductibles and coinsurance information applicable to the plan in which you choose to enroll.
